Dear Mr. Isenberg:

Thank you for your letter to our Director, Mary-Ann Warmerdam, of the Department of Pesticide Regulation soliciting language and early actions for the Delta Interim Plan. We reviewed the Plan specifically focused on policy objectives (c) and (e) concerning Delta restoration and water quality, respectively. The language looks adequate to address these objectives, and we have no further suggestions.

Please let us know if we could provide future reviews or if you have any questions.

Sincerely,
